

DID YOU KNOW THAT WOODSIDE IS A MAJOR SPONSOR OF THE WA MUSEUM?

Woodside is one of the world's worst fossil fuel polluters!

- A five-year contract has recently been renewed between WA Museum & Woodside, designed to greenwash Woodside's image & boost its social license.
- A record-breaking marine heatwave has caused catastrophic bleaching and death in nearly ALL of WA's coastal reef systems.*
- Woodside's funding is directed towards marine biodiversity research while rising planetary warming is destroying our climate & ocean ecosystems.

JOIN US TO DEMAND THAT WA CULTURAL & SCIENTIFIC INSTITUTIONS DROP WOODSIDE'S TOXIC SPONSORSHIP!

- *We call on the WA Museum to end their acceptance of Woodside's dirty money and greenwashing .*
- *We call on the State Government to fund our museums & cultural spaces to maintain their integrity.*

Our children, and all of us have a right to enjoy, learn and engage with public institutions without being exposed to the disinformation of fossil fuel corporations.

Your Voice is Powerful & Needed NOW!

SIGN THE PETITION

Join us to deliver a powerful message to WA Museum.

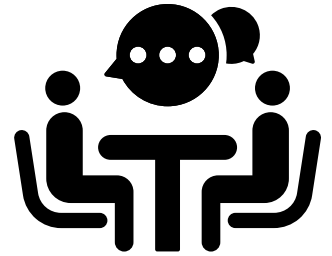

Sign the petition at dropwoodside.com

Help us build a community campaign that can exert sustained pressure on the WA Museum.

**Earthwise, 315 Bagot Rd
Subiaco**

Tuesday Feb 17, 7-9 pm
